He Is The Lord

Verse 1

```
              G                          D
Let us hold fast our confession of hope
     Am                          G/B
For He who promised is faithful
      C                          Dsus   D
And as we see His day approach…

Let us hold fast in the midst of the trial
Though our faith must be tested
It will only last for a while
```

Bridge

```
Am                    G/B                          C
In a little while the One who is coming will come
                    D
And He won't delay
```

Chorus

```
G                       D
He is the Lord, the One that we've waited for
         Em                          C
His Kingdom will appear at His coming
G                         D
If we endure then when He appears
Em                                C
We will appear with Him in Glory

G                           D
He is the Christ, the One crucified
                    Em    C  D
but now He lives...forever
G
If we have died with Him,
D                              Em       C   D
I know that we will also live….forever
```

C G/B D C G/B D
So I will wait for the Lord and the justice of that Day
No one who waits for the Lord will ever be ashamed
